-

DOCUMENTS

It is advisable to have certified copies of all your documentation. One copy should remain at home where it is safe yet accessible if needed (i.e. Lawyer or family friend), the second copy can travel with you – separate from your other documentation – should you encounter theft or loss of documentation. Please pack all original documentation, medications, and personal belongings such as cameras and optics in your carry-on luggage. You should request to have Airport Security officials either lock (please purchase airline/security approved locks) or zip-tie your checked luggage at your departure airport. All gun cases must be locked following inspection at airport security.

- Passport/ Visa and Airline tickets
- Yellow book
- Proof of Yellow Fever inoculation (Compulsory for Tanzania)
- Customs Certificate of Registration for personal effects taken abroad (firearms, cameras, binoculars). (May vary per country).
- Taxidermy Shipping tags (enough for one per animal on your “wish list.”)
- Travel Agent contact details
